

Local Favorite

www.localfavoriteband.com

Local Favorite is the closest thing to a **Nashville bar band** that you'll find this side of the Mason-Dixon Line. Playing classic and country rock (with a healthy smattering of alt country, blues, reggae and soul), **you'll know every song** and be on the dance floor from the first song to the last.

Local Favorite is a **vocal band** first and foremost, with five vocalists trading male and female leads and singing harmonies. And its members are multi-instrumentalists . . . in addition to the usual guitar, bass and drums you'll hear banjo, mandolin, upright bass, an assortment of keyboards and harmonica, playing songs from artists like:

Allman Brothers, Beatles, The Band, Jackson Browne, Jimmy Buffett, Bon Jovi, Garth Brooks, Johnny Cash, CCR, Eagles, Elvis, Everly Brothers, Joss Stone, Georgia Satellites, Norah Jones, Lynard Skynard, Little Big Town, Little Feat, Los Lonely Boys, Bob Marley, Marshall Tucker, John Mellencamp, Tom Petty, Sugarland, Fleetwood Mac, Keith Urban and Wreckers.

The harmonies are tight, the sound is rich and the energy never stops. **You'll leave the dance floor tired and wanting more.**
